

SPEAR Micro Business Challenge

Compete with classmates or schools in your area, to raise the most money from the same “investment”. If you get into groups of 5 and each of you put £1 into the pot, there is your starting £5! Or maybe your whole class could work together and put in 50p each, soon you will have more than enough to get started before you know it! You could even bring in second hand items such as books to sell, really boosting your starting pot!

Art Attack Buy some card, canvas, paints etc. and get creative! Hold an art exhibition and sell off your work. Or you could make your own greetings cards for a £1 donation!

School Cook Book Find fun and easy recipes for your schoolmates, or ask each class to provide a recipe and create a cook book to sell. Or cook up a frenzy and feed your friends.

Loom Bands are a sure fire winner; bracelets, charms necklaces, let your imagination and the colours run riot.

Car wash Grab some friends some soap a bucket and a couple of cloths and you can be the teachers’ best friends bringing their cars to a gleam.

WHY RAISE FUNDS WITH A BUSINESS CHALLENGE? SPEAR supports our clients to obtain the life and work skills to gain permanent employment. Being financially self sufficient is key to remain housed.
