

# World Book Day Challenges

## *Lose yourself in a book!*

What could be better than burying yourself in a book? — An entire library of course! A sponsored read is the perfect opportunity to read as many old favourites and undiscovered classics as possible.

*Library running low?* Why not have a book bring and buy sale to boost both funds and your collection.

## *Why consume when you can create?*

JK Rowling, Michael Morpurgo and Julia Donaldson started their illustrious careers at school. Why not follow their footsteps? Can you produce works of fact, fiction or poetry to sell to staff and friends? Or why not become the class' Axel Scheffler and illustrate a story? Raise funds from prints of your pictures alongside their bestseller!

## *It isn't just about the text!*

Stories come in all forms not just on the printed page. Ask your class to take one story and tell it in different media, theatre, puppets, dance or mime? Produce your performances, sell tickets and refreshments to help those in need.

## WHY RAISE FUNDS WITH STORY CHALLENGES?

Literacy is a cornerstone in leading an independent life enabling clients to apply for jobs and accommodation, fill in forms as well as for personal recreation.

Our Skills & Development Team offer literacy support to clients when needed to help them complete their journey to recovery.
